

We're North America's leading machinery services company for Injection Molding, Blow Molding, Thermoforming, Extrusion and Die Casting.

Since 1959 EPCO has been a diversified and innovative molding machinery and machinery services provider.

Today we have many different ways to help you hit production and profit targets.

Remanufacturing

- Complete Machine Remanufacturing—(all Remanufactured machines come with EPCO'S ONE YEAR WARRANTY)
- We also do Components Remanufacturing: Clamp Ends, Injection Units, Hydraulics, Robots, etc.

Control Upgrades

- Controls for Injection Unit Profiling
- Complete machine controls—OPEN LOOP
- Complete machine controls—CLOSED LOOP with all the latest software for advanced processing
- Replace old GEMCO unit limit switch systems with EPCO's Electronic Clamp Control

Plant Relocation / Equipment Installation

We can be your Single Source for moving one machine or an entire plant. Whether it's just down the road or across the country, EPCO has all the resources to efficiently get you moved and back in production ...faster than you can imagine.

About EPCO: Value and Integrity

Evaluate Machines For:

- Part-to-Part Repeatability
- Feasibility for Remanufacturing
- Feasibility for Control Upgrades
- Feasibility for Special Projects such as Hydraulic Upgrades, Added Injection Unit, Special Processing Requirements (Gas Assist, Co-Injection, Multi-Shot Molding, etc.)

Safety Upgrades

- Perform ANSI B151.1-1997 and ANSI B152.1-2000 Audits
- Itemized quoting for ANSI-Compliance Upgrades, including parts and labor

Conversions

- Co-Injection / Multi-Shot
- Upsize or Downsize Capacity
- Thermoset or Thermoplastic

Custom Machines

- All types and sizes
- Specifically engineered to meet or exceed your production and quality targets

Used Equipment

- Single, hard-to-find machines
- Total plant liquidations
