

We have many different ways to help you hit your production and profit targets.

Machinery Remanufacturing:

- Complete Machine Remanufacturing-(all EPCO® REMAN machines come with EPCO's ONE YEAR WARRANTY)
- Also— we do Component Remanufacturing: Clamp Ends, Shot Ends, Hydraulics, Robots, etc.
- Control Upgrades
- Add complete machine controls with all the latest software for ADVANCED processing
- Die Casting Cell Automation

Plant Relocation and Equipment Installation Services

EPCO can be your Single Source for moving one machine or an entire plant. Whether it's just down the road or across the country, EPCO has all the resources to efficiently get you moved and back in production...faster than you can imagine.

We evaluate machines for:

- Part-to-Part Repeatability
- Feasibility for Remanufacturing
- Feasibility for Control Upgrades
- Feasibility for Special Projects such as Hydraulic Upgrades, New Shot Ends and/or Special Processing Requirements (Semi-Solid, Rotor Casting)
- Safety Upgrades
- ANSI B152.1-2000 Audits with a list of items and an itemized quote for completing ANSI compliance projects

Custom Machine Solutions

We have the experience and resources to tailor the best equipment solution for your specific needs.

Better, smarter, faster

Better—because our pricing is typically lower on hundreds of parts and services.

Smarter—because we've been pioneering machinery services for nearly 50 years.

Faster—because we have the facilities, personnel and resources you need.

EPCO supplies DYNISCO Pressure and Temperature Instruments and accessories for all makes and models. We also supply GATES Hose Assemblies.

And there's more...

If you can't find the machine you're looking for and/or need to have special processing capabilities, call EPCO. We can help you solve those tough machinery problems.
